WELCOME FROM THE DIRECTOR

On behalf of MBody Yoga, it is my privilege to welcome you to Embody Mastery – Our 300 HR Professional Teacher Certification Program. This program offers a cohesive, multi-specialist approach to teacher training that blends the best of the Yoga tradition from the East and West. Our faculty is comprised of highly-trained, experienced, inspiring professionals with a profound understanding of Yoga's transformative power.

Our approach to the 300 HR Methodology involves a blending of the three strands of the Krishnamacharya lineage of Eastern Yoga augmented by the contemporary Westernized Teachings of Baron Baptiste. From the Krishnamacharya lineage, we get the Eastern foundational yoga practices of: Ashtanga, Iyengar, & Desikachar. Essentially, Ashtanga provides us with the methodology that incorporates heat and flow. Iyengar provides us with the methodology of precise anatomical and physical instructions to teaching to the body. Desikachar provides us with the methodology that the practice should fit and adapt to the practitioner's changing needs to get the most therapeutic benefit. Baptiste Power Yoga provides us with the methodology of the (3) aforementioned practices blended into one Westernized and transformative approach to teaching powerfully to the body, mind and spirit.

Our programs emphasize a student's personal practice as the source for their teaching and include a comprehensive study of the techniques and mechanics of fundamental yoga postures, as well as the tools necessary to teach and inspire others. To deepen their education, students will also study functional anatomy and physiology; explore Yoga's philosophical underpinnings; practice meditation and pranayama; engage in the practice SEVA (service); and explore mastery in the form of leadership development.

We are honored you are offering us the opportunity to assist you in fulfilling your personal and professional goals. We look forward to sharing our enthusiasm about the program with you and are delighted that you have made the commitment to participate. We are here to support you. We are available to answer your questions and assist you in any way we can. Our commitment to you will not end after certification.

If there is anything we can do to enhance the program and make the process more meaningful and compatible to you, we would like to know. We would also appreciate receiving your impressions of the course as the program goes on. We know you will find this program to be of tremendous value on every level of your life and we look forward to working with you and getting to know you better.

Best,

Leah Green
